

JACK ECONOMOS

CO-FOUNDER & LEAD DEVELOPER
OF MATRIX STUDIOS

ABOUT ME

As an ambitious person, I founded my own blockchain company Matrix Studios Pty Ltd with the vision to create enjoyable crypto play-to-earn games. I am looking to actively improve my expertise within the area and increase my business network within the blockchain industry. I truly believe that meaningful partnerships are the absolute key to success.

EXPERIENCE

Co-Founder & Lead Developer

Matrix Studios
(2021 - Present)

Matrix Studios Pty Ltd was formed mid-2021 with the goal to create long-standing partnerships and make crypto gaming enjoyable. Since then, we have formed an elite-level corporate sponsorship with the St Kilda Football Club, as well as a business partnership with our game developers 'Art of Play Games'. With over \$1.8 mill AUD token (MTX) volume traded so far, since September 2021, we have created a community of over 5,200 token holders. To date, we have released our first play-and-earn gaming title 'Kill Kount', a retro-inspired 16-bit beat 'em up, and are in early stage development of our first AAA-inspired title.

Lead Cardiac Physiologist

GenesisCare - Centre for cardiology
(2014 - Present)

As Lead Cardiac Physiologist, I manage a team of Cardiac Physiologists to ensure optimal patient care is delivered every day. This is done through the appropriate rostering of staff, maintenance of cardiac monitoring/testing equipment, liaising with fellow cardiologists, suppliers and vendors. Other duties involve sick call duty (for all clinical staff) as well as drug ordering and emergency drug management.

Clinical Trials

CMAX Research - Royal Adelaide Hospital
(2013 - 2014)

CMAX has extensive experience in conducting clinical studies on volunteers and specific patient groups. These studies are conducted in a world class facility for both local and international regulatory submissions.

EDUCATION

Adelaide University

Bachelor of Health Sciences
(Pharmacology Major)
2010 - 2013

Prince Alfred College

International Baccalaureate
Diploma Rank - 32 Tertiary
Entrance Rank - 95.80
